Seminar on the topic “Kashmir Conference” held under the auspices of Tanzeem-e-Islami

Lahore (PR): A seminar entitled “Kashmir Conference” was held on Sunday 3 February 2019 under the auspices of Tanzeem e Islami at Qur’an Auditorium, New Garden Town, Lahore.

While addressing the seminar, the Ameer of Tanzeem e Islami, Hafiz Aakif Saeed, said that the relationship between Pakistan and Kashmir is “La Illaha ill Allah”. He remarked that if the Islamic System was implemented in Pakistan then it would become difficult, rather impossible, for India to create hurdles in the way of the freedom of the people of Occupied Kashmir. Therefore, he concluded, that the real and meaningful help and assistance for the people of Occupied Kashmir would be that we mould Pakistan into a genuine Islamic Welfare State.

In a recorded audio message played on the occasion, the Chairman of the All Parties Hurriyat Conference (G), Syed Ali Shah Geelani, said that the governments and political leaderships in both Pakistan and Azad Kashmir should unmask before the world the atrocities and brutalities of the Indian Occupation Forces on the people of Occupied Kashmir and the cruel methods being used in order to suppress the indigenous movement for freedom of the people of Occupied Kashmir. He appealed to the Muslims around the world to highlight the Kashmir issue on every available forum.

While expressing his views in the seminar the renowned scholar, Orya Maqbool Jan, noted that no Islamic Movement can be successful in achieving its goals by making the ideology of “geographical boundaries fashioned by the modern nation state” as the basis for its struggle. Once we stand and strive for the revival of Islam, all problems facing the Muslim Ummah today, including the issues of Kashmir and Palestine, would be resolved.

While addressing the seminar, the renowned leader and the Deputy Ameer of Jamaat-e-Islami, Dr Farid Ahmad Piracha, remarked that the case of the Kashmir issue is very strong, yet the advocate for it is extremely weak. Pakistan has failed to make substantial efforts in highlighting the Kashmir issue at the international level and not presented it with the vigor with which it ought to have been advocated.

While addressing the seminar, the Markazi leader of Tanzeem-e-Islami, Ayub Baig Mirza, said that Pakistan had made huge blunders in the matter of the Kashmir issue and the biggest of them all is that Pakistan has forgone the basic Ideology of its creation – the same basis on which the people of Indian Occupied Kashmir were fighting and striving even today.

While addressing the seminar, the Markazi leader of Jamaat-ud-Dawa, Professor Hafiz Masood Kamal, said that the movement for the freedom of Indian Occupied Kashmir was currently in its final stages and the success of the movement would not only have a positive impact on the Muslims of this region, but the entire world.

While expressing his views on this occasion, the representative of the Hurriyat Conference, Engineer Mushtag, said that while India openly violated the universally accepted norms of Human Rights, yet labelled all those protesting for their freedom in Occupied Kashmir as “terrorists” to serve its own nefarious designs.

While addressing the seminar, the scholar from Tunis, Fazal bin Muhammad, said that the people of Indian Occupied Kashmir had already won the war for freedom from illegal Indian Occupation on the diplomatic, moral and legal fronts. The only thing left is the formal “declaration” of their success. At this juncture, Muslims from around the world ought to keep the Kashmir issue alive.
