From the Qur'an

Whoever desires this fleeting world [alone], We hasten in it whatever We please to whoever We will; then We destine them for Hell, where they will burn, condemned and rejected.

But whoever desires the Hereafter and strives for it accordingly, and is a [true] believer, it is they whose striving will be appreciated.

We provide both the former and the latter from the bounty of your Lord. And the bounty of your Lord can never be withheld.

(*Surah Bani Israel: 18-20*)

Hadith

Narrated Abu Sa'id (رضي الله عنه):

The Messenger of Allah (ﷺ) said, "You will follow the wrong ways, of your predecessors so completely and literally that if they should go into the hole of a mastigure, you too will go there." We said, "O Allah's Messenger (ﷺ)! Do you mean the Jews and the Christians?" He replied, "Whom else?" (Meaning, of course, the Jews and the Christians.)"

(*Sahih Bukhari*)

All praise is due to Allah (SWT), and peace & blessing on his noble Messengers (AS), in particular, on the last of them all the blessed Prophet Muhammad (SAAW).

History is inexplicable. It has a way of seizing the chosen few to deliver a commanding message that transcends the tapered, often rote, confines of time, place and journey. To them, theirs is a journey of the ages. For those fortunate enough to witness such passage it is a transcendent reminder that greatness is measured not through acquired wealth or power but by the prompt of the principle, courage and sacrifice of the few.

Kudos to the courage of the Muslims in Gaza, who are providing the ultimate testimony of faith by laying down their lives, men and women; children and elderly; sacrificing themselves wholeheartedly for Al Aqsa.

What is there about a tiny enclave known as Gaza that so offends, so alarms, so intimidates Israel? It would be far too easy to say nothing and simply reduce it to Tel Aviv's voracious chase of its off-shore gas reserves or its potential as a Mediterranean tourist coastline ...once cleansed of its native population and the destruction which bears the marked Star of David.

No. Gaza terrorizes Israel not by force of arms but through the endless resound of its resilience, the firm faith of its masses in the Almighty (SWT) and the muscle of its inspiration. Gaza stands as a shining beacon of resistance and hope.

Israel has been relentlessly bombing Gaza for the past eight months, resulting in the martyrdom of tens of thousands of children, women, and elderly. Almost 1.5 million Muslims from Gaza have been constantly pushed towards southern Rafah through savage bombings as part of an insidious Israeli plan, and now Israel has initiated a major ground and air assault on Rafah. The reality is that Israel has complete support, even assistance, from America and Western European countries in this genocide of the Muslims of Gaza.

In most western capitals and media what we see is a barrage of propaganda against Palestine and Palestinian Muslims, which includes the spreading of demonstrably false and slanderous accusations. This false propaganda against Palestinians is accompanied by the complete ignoring and whitewashing of the endless inhuman treatment and brutalization of Palestinians perpetrated by Zionist Israelis, with slogans of "Israel has a right to defend itself."

Following Hamas' daring operation launched on October 7 that demolished the myth of Zionist invincibility, a massive propaganda war has been launched. It started with allegations that Hamas had beheaded Israeli civilians. As if this lie was not bad enough, it was escalated to beheading children. Compare that atrocious fabrication, made mandatory by the Talmudic teachings of 'Hasbara', to an article The Atlantic published a few days ago which includes the assertion that killing children is legally permissible under certain circumstances. Think about the kind of worldview which could publish something like that. Anyone who has been following the Gaza genocide on social media today will be seeing this phrase "legally killed child" alongside footage of children ripped apart by Israeli military explosives in a civilian displacement camp — a pairing which has proved to be an epiphany for most. If you have a beating heart in your chest and a functioning empathy center in your brain, will spark a very special kind of rage inside you.

The 57 Muslim countries, today, possess large armies and all kinds of modern weaponry but have been rendered spineless by the love of petty worldly gains and the fear of death. Such is the cowardice, cowardice and lack of honor of the Muslim countries that they are unwilling to even raise a strong voice against Israeli atrocities. Many Muslim countries have not yet severed ties with Israel, and the situation for other Muslim countries is such that they are strengthening the illegitimate Zionist state either through covert aid or criminal silence. They have left

it to South Africa for fight for their cause! Humanitarian atrocities, rather crimes, against the people of Palestine by the Israelis have led to ongoing protests in several universities in Western countries, but it is a matter of shame for Muslim countries that there has been no significant protest against Israel or in support of Palestinians in any major university. In the Islamic Republic of Pakistan, the government and other state institutions have shamefully shown criminal aloofness to the plight of the Muslims of Gaza. Instead, there have been incidents where the state has clamped down on those protesting against the Israeli cruelty in Gaza. The truth is that such rebellion against Allah (SWT) and His Messenger (SAAW) has brought disgrace and humiliation upon the Muslim Ummah today.

United, the Muslim countries can teach a lesson to Israel and its supporters through the closure of their land, sea, and airspace borders, termination of diplomatic relations, a complete and permanent boycott of Israeli-friendly companies, and trade restrictions. Furthermore, according to the OIC charter, all kinds of financial and military assistance should be provided to Palestinian Muslims. Muslim leaders and their military establishments should not forget that if the fall of Gaza occurs, Israel's next target will be other Muslim nations. If the leaders of Muslim countries do not take practical measures to help the Palestinian Muslims, then not only will their ignominy in this world grow but they will appear as criminals before Allah (SWT) on the Day of Judgement.

Make no mistake that whatever Israel has built on seized land and, ultimately, will leave behind has not been erected by the "call of principled purpose" but the drive to become the ruling state in the world. At day's end, it's a legacy that knows no home, or welcome, but that of brute force.

For empires large and small history is but a predictable march of gaudy pretense. Gilded shacks built of shallow stilts and tattered shrines, theirs is homage to little more than empty tease. It's who and what they are... it's what they do... at least until they crash. And sooner or later all despotic empires crash.

Be assured, Israel will not be the exception. It is a promise made by the Almighty (SWT)!

May Allah grant victory to the Muslims of Gaza and grant the Muslim Ummah real faith. Ameen!

Signing off...

Netanyahu burns Palestinian babies alive in desperate bid to save his thick hide

Even his most ardent critics do not fully realize how nasty Benjamin Netanyahu is. He is also a compulsive liar. Secure in the knowledge that American politicians are in his pocket and that of the pro-Israel lobby, he can get away with murder. That is what he has been doing in Gaza since October 7, 2023.

The latest outrage, or multiple outrages that he committed in Gaza raise the question, why. Together with the Tal al-Sultan neighbourhood attack on civilians cowering in tents, there was another attack in Al-Mawasi area not far from the other slaughter.

Prominent Israelis celebrated the horrific slaughter of babies and women in the Tal al-Sultan Tent camp, as the UK-based Middle East Eye (MEE) reported. "Yinon Magal, a senior journalist at Israel's Channel 14, posted images of the Gaza massacre with the caption: 'The main lighting of the year in Rafah'," according to MEE. The post on X was later removed. Another journalist, Naveh Dromi at i24, reposted a video of the blaze under the caption "Happy Holiday". That post was also later removed. "One of the most shocking images from Rafah on Sunday night," according to MEE, "was a man holding up the body of a child that had no head. A member of a popular right-wing Israeli Telegram group shared a photo of the man holding the dead child mocked up as an advert selling chicken. "Fresh chicken 1 shekel a kilo," it said.

When the scale of death and destruction and horrible images of decapitated babies, some burnt beyond recognition, emerged, Netanyahu said it was a "tragic mistake".

Was the massacre at Al-Mawasi also a "mistake"? UN Under-Secretary-General for Humanitarian Affairs and Emergency Relief Coordinator Martin Griffiths, did not buy Netanyahu's pathetic excuse. He called it an abomination. In order to make up for the "tragic mistake", Netanyahu carried out more massacres. On May 29, Israeli occupation forces shelled a tent camp in a designated "safe zone" west of Rafah. At least 21 people, including 13 women and girls were slaughtered, in the latest mass killing of Palestinian civilians.

The Tal al-Sultan massacre was perpetrated two days after the International Court of Justice ordered Netanyahu to halt the assault on Rafah and withdraw his forces. His response was to slaughter innocent babies and women.

The carnage has continued with the number of murdered Palestinians exceeding 36,000, most of them women and children. It was Netanyahu's response to the ICJ ruling.

He does not give a damn about what the judges say. He will continue the slaughter because if the war stops, Netanyahu will be handcuffed and dragged to prison for the war crimes he has committed. In order to stay out of prison—and that means remaining in power—he is prepared to kill all the Palestinians, if need be.

That indeed is the Zionist plan, or at least to carry out the ethnic cleansing of Palestinians from Gaza. More than two-thirds of the Israeli population supports the military's genocidal policy in Gaza— including limiting humanitarian aid to the Palestinians.

Like the Joe Biden regime, indeed the entire American establishment, the Israeli population is also complicit in war crimes.

They must be held accountable for these crimes.

Press Releases issued by Tanzeem-e-Islami

24 May 2024

All those involved in the target killing of protestors in D-Chowk Islamabad must be given exacting punishment.

Lahore (PR): This was said by the Ameer of Tanzeem e Islami, **Shujauddin Shaikh**, in a statement. While expressing deep alarm and sorrow over the targeted killing of individuals protesting for the rights of the Muslims of Gaza at D-Chowk in Islamabad, the Ameer said that it appears that speaking against Israel's brutality and in favor of oppressed Palestinian Muslims has become a crime in Pakistan. He questioned who the person was that repeatedly ran over the protestors at D-Chowk, martyring two individuals and injuring many others. Why the police remained silent spectators at the scene of the crime? At whose behest were the streetlights and CCTV cameras around D-Chowk turned off? These are the questions that every Pakistani who cares for the Palestinian Muslims wants to be answered. He demanded that those involved in this heinous act of terrorism, along with all their facilitators and supporters, be exposed and brought to justice. A delegation from Tanzeem-e-Islami had the honor of attending the funeral of the martyrs on 20 May 2024. May Allah (SWT) elevate the ranks of the martyrs in Paradise and grant their families patience. Ameen! While commenting on the request by Karim Khan, a Qadiani who is the Chief Prosecutor of the International Criminal Court (ICC), to issue arrest warrants for the senior leadership of Hamas, the Ameer said that Palestinian Mujahidin are struggling to end the illegitimate Zionist occupation of their lands. According to international law and numerous United Nations resolutions, they have the full right to armed struggle against this unlawful Zionist occupation. The truth is that there is clear evidence of genocide, war crimes, and crimes against humanity against Israeli Prime Minister Netanyahu and Defense Minister Yoav Gallant. The real question is, by equating Israeli criminals and Palestinian Mujahidin as enemies of humanity, whose agenda is the ICC Chief Prosecutor following?

25 May 2024

Allah (SWT) Almighty sent His Messengers (AS) with the "Law" and the "Balance" so that a system of justice and equity may be established among the people.

Justice is the catchword of Islam, and the foundation of Pakistani society must be established on justice and equity.

Allah (SWT) elevates nations for their holding fast to the Qur'an and degrades and humiliates them on account of their abandoning it.

The legal community must mount maximum pressure on the Government for the practical aid of the Palestinian Muslims.

(Address of the Ameer of Tanzeem-e-Islami, Shujauddin Shaikh, in a session with lawyers)

Lahore (PR): This was said by the Ameer of Tanzeem e Islami, **Shujauddin Shaikh**, in a statement. This was stated by the Ameer of Tanzeem-e-Islami, Shujauddin Shaikh, in a session with lawyers. The Ameer said that after the sealing of Prophethood, the paramount responsibility of establishing and implementing the just system of Islam lies solely on the shoulders of the Muslim Ummah. The reality is that by ignoring the universal message of the Quran, the Muslim Ummah as a whole has portrayed criminal negligence. Today, there are a total of 57 Muslim countries and around two billion Muslims, yet the Muslim Ummah is experiencing the worst kind of humiliation and disgrace in its history, around the globe. Unambiguous prophecies exist in the Qur'an and Hadith literature signaling towards the establishment and implementation of Allah's (SWT) Deen across the entire planet near the Day of Judgement. In Sha Allah! We must be concerned with what role we play in fulfilling this all-important responsibility of struggling to establish the Deen, and this is the very same duty about which we will be questioned on the Day of Judgement. In a Prophetic narration, we find that Allah (SWT) will elevate nations if they hold fast to the Qur'an, whereas, disgrace and humiliate them on account of abandoning it. He appealed to the legal community to increase pressure for the immediate formation of the Shariat Appellate Bench of the Supreme Court for hearing of appeals against the Federal Shariat Court's decision to eradicate interest, so that the war being waged against Allah (SWT) and His Messenger (SAAW) can be swiftly ended, and the national economy established according to Islamic principles. Similarly, pressure should be mounted for the prompt hearing of appeals filed against the Federal Shariat Court's decision declaring the Transgender Act in violation to the Islamic Shariah. The legal community should also provide assistance to the Supreme Court in the case of Mubarak Sani Qadiani with regards to the constitution, law, and Sharia so that this evil may be nipped in the bud. The need of the hour is that we revert towards the Qur'an and Sunnah and by appointing them as our guides, expend all our resources, physical and spiritual, to actually mould Pakistan into a genuine Islamic welfare state. Mentioning the ongoing Israeli cruelty in Gaza, the Ameer of Tanzeem-e-Islami said that the Zionists are hellbent on erasing Gaza from the surface of Earth. Israel has been mercilessly bombing Gaza for the past seven months, but the cowardice of Muslim nations is such that they are not ready to even raise voices against mounting Israeli atrocities, in turn strengthening the illegitimate Zionist state through their criminal silence. The events unfolding today are not only a test for the Muslims of Gaza, but for the Muslim Ummah as a whole. The inhabitants of Gaza are succeeding in this test with flying colors by giving their lives for the struggle. The rest of the Muslim Ummah must practically assist their oppressed and desperate Palestinian brothers in this time of need, if they wish to also succeed in said test. The Ameer emphasized that the legal community should mount pressure on the Government of Pakistan to practically aid the Palestinian Muslims. Additionally, lend support to the Government of Pakistan enabling it to be a participant in the ongoing cases against the illegitimate Zionist state in the International Court of Justice. May Allah (SWT) grant us the ability to fulfill all our religious obligations so that we may attain His pleasure and success in the Hereafter. Ameen!
