From the Qur'an:

“And hold firmly to the rope of Allah all together and do not become divided. And remember the favor of Allah upon you - when you were enemies and He brought your hearts together and you became, by His favor, brothers. And you were on the edge of a pit of the Fire, and He saved you from it. Thus does Allah make clear to you His verses that you may be guided.”

“And let there be [arising] from you a nation inviting to [all that is] good, enjoining what is right and forbidding what is wrong, and those will be the successful.”

(*Surah Aal e Imran; V 103 & 104*)

Selected Hadith:

“Allah will not take back knowledge (from your memories) after having bestowed it on you. However, He will take scholars, together with their knowledge, from within their communities and take their souls. All that remains will be an ignorant body of people. The people will ask them about their religious needs, and they will issue decrees (religious opinion on a matter) in the light of their own ideas and desires (ignoring the Qur'an and hadith) and will both deviate themselves and lead other into deviation.”

(*Sahih Bukhari, 2174*)

All praise is due to Allah (SWT), and peace & blessing on his noble Messengers (AS), in particular, on the last of them all the blessed Prophet Muhammad (SAAW).

There is an axis of evil prevalent in the world today. It comprises the U.S., Israel, India and most of Western Europe. Even a superficial analysis of the events that have unfolded in the world over the last two decades or so would evidently prove that this axis of evil has been at the helm of almost all wars, acts of aggression, brutalities and atrocities committed, and would unearth an undeclared agenda of global dominance. Some of the more recent ‘accomplishments’ of this axis include:

- The wars raged in the Middle East and South Asia by the U.S. & its allies.
- The indecencies perpetrated against Islam and Muslims in the name of ‘Freedom of Expression’ in Western Europe.
- The rise of xenophobia and hate-crimes in the U.S., Israel, India and Western Europe in general and against Muslims in particular.
- The brutalities and atrocities being committed by India and Israel in the illegally occupied lands of Kashmir and Palestine, respectively.

Although the list of malevolent activities of the ‘axis of evil’ is almost exhaustive, we see it in action almost every day with cold-hearted acts of state terror being perpetrated by Israel in its surroundings, India in Occupied Kashmir and its own mainland, and the U.S. globally; all being done with a focus to redraw yet another map of the world in order to weaken the already miserable Arab states and to empower Israel further as a preparatory step towards the creation of ‘A Greater Israel’. Israel has already ‘won over’ many Arab states in the last year or so and the path towards its ‘grand plan’ is nigh, today more than ever!

Those who believe that the United States is gradually withdrawing from the Middle East and Afghanistan are mistaken; those who advertise Joe Biden and his ‘nascent’ policy in the region as a “lame duck” cannot be more wrong; and those who describe the U.S. policy in our region as weak and stale have jumped to the wrong conclusions.

What the U.S. is doing in our region does not necessarily reflect failure, inability or confusion. A careful reading of the U.S. foreign policy and decision-making process suggests that the higher interests of the ‘Deep State’ never changed, even during the supposedly ‘benign’ Trump regime. With Joe Biden now in power, guidelines of the overall course of events in order to serve the U.S. and Israeli policy will still remain the same and the outcome of intervention by ‘other powers’ (such as India and NATO) will eventually pour further into the “American-cum-Israeli mill”!

All what Trump did was to change the American way of dealing with the region from a bloody, direct and costly intervention to achieving the same interests through soft power, which cost less, and perhaps achieved similar if not better results.

The second observation is that some

(Continued on Page 2)

who ‘celebrate’ the U.S. ‘weakness and hesitation’ judge it on the basis that it is a superpower whose duty is to impose security and stability in its conventional “areas of influence”. But who said that the U.S. policymakers are at all concerned with the achievement of stability, particularly in Middle East and South Asia? For the sake of argument, even if the American administration wanted to achieve some form of stability, it is not necessarily going to serve the aspirations of the people for the so-called chants of ‘freedom’, ‘progress’ and ‘development’; rather it would be based on its own, Israel’s and India’s interests, and would perhaps lead to flaring the already fragile sectarian and ethnic equations or agent governments falling within the Western-US orbit and ambit. Conclusion – Beware of the next moves made by the war-monger – Joe Biden!

Our advice to the Muslim Ummah and their leadership in particular is to find some way of leaving petty difference behind and bond as a sturdy unit to withstand the wave of violence and malice that they are facing today and which will only become worse in the days to come.

May Allah (SWT) provide us the courage to do so and make us successful in this world and in the Hereafter.

Aameen!

An inability to do so would ominously lead to further disintegration of the Muslim countries, coupled with increased brutality by the ‘axis of evil’ and undignified state of affairs for the Muslims at large.

May Allah (SWT) be our protector.

Aameen!

Signing off...

The Yinon Plan and ISIS

Live messages and pictures of *Daesh* fighters dressed in Islamic attire circulated through social media network ostensibly authenticate the hostile agenda of ISIS. The usage of the state seal of the Prophet Muhammad (SAAW) on the ISIS flag as well for its Coat of Arms seemingly validates the claim of ISIS to Khilafah. Right? Wrong!

The present ISIS lightning war is the creation of an illusion to initiate the fulfillment of a pre-planned agenda of Israel in close alliance with the West to redraw the map of the entire region as the “New Middle East.” (or Greater Israel) This is the **Yinon Plan** at work, which aims at the balkanization and the sectarian-divide of the Middle East and North Africa (MENA) Region into smaller and weaker entities or states in order to ensure the dominant position of Israel in the region and the control of its oil, gas and water resources by the US-Israel nexus.

Shades of the U.S. war machine

“Once President G. H. Bush’s senior advisor, Karl Rove told famous American reporter, R. Suskind, ‘people like him who believe that solutions emerge from your judicious study of discernible reality, that’s not the way the world really works anymore, we are an empire now and when we act, we create our own reality. And while you are studying that reality – judiciously, as you will – we will act again, creating other new realities, which you can study too, and that is how things will sort out. We’re history’s actors and you, all of you, will be left to just study what we do.’”

Press Releases issued by Tanzeem-e-Islami

Date: 29 January 2021

Lahore (PR): “The report issued by Transparency International is a matter of great shame and disgrace for the government.”

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, while commenting on the recently published report on global corruption index by the Transparency International.

The Ameer noted that the incumbent government had assumed power on the slogan of ‘eradicating corruption’, hence this damning report highlighting an increase in corruption during the to-date tenure of the present government is a matter of great apprehension. He remarked that sitting ministers of the government are saying that the latest report of Transparency International is based on data collected during the time of previous governments. If that is true then the government ought to make public solid evidence and proof to back its claims, otherwise it would be apparent that the government is purposely resorting to disinformation in order to save face.

The Ameer emphasized that the fact of the matter is that corruption and all other kinds of criminal and unethical practices can never be eradicated by merely ‘changing the faces of those in power’; instead, the system ought to be revamped in its entirety. He said that the real need of the hour is for us to embrace the Islamic System of Collective Justice so that corruption as well as all other ills of the society could be eliminated. The future of the Muslims of Pakistan is tied to Islam, he remarked.

The Ameer concluded by asserting that we would be eligible for success in this world and in the Hereafter only by establishing and enforcing the genuine Islamic System.

Lahore (PR): “The decision to make the teaching of Arabic language mandatory in all educational institutions is laudable.”

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement.

He noted that the Final Revelation of Allah (SWT), The Holy Qur’an, and the language of The Holy Prophet (SAAW) is Arabic, therefore, its learning is a fundamental necessity of every Muslim. This will result in the advantage for Muslims to understand the commandments and edicts of Allah (SWT) directly without any intermediary.

He remarked that the Ideology of Pakistan is, in fact, the ‘Islamic Ideology’ for all intents and purposes. Moreover, the ratification of the Objectives Resolution had resulted in a move towards the right direction in order to practically achieve that goal, but unfortunately, the nation was detracted and derailed after that.

The Ameer said that time has still not run out for us to mould all aspects and dimensions of the structure of our government, in toto, on the basis of Islam. In order to achieve that, he emphasized, it is imperative to make the education of Arabic language mandatory at all levels of the society.

He said that it is necessary for the National and all Provincial assemblies to adopt and endorse the bill that has been passed by the Senate in this regard. He said that as education has become a provincial subject after the passing of the 18th Amendment, therefore the onus of becoming active in perusing this matter rests heavily on the provincial assemblies so that the ratified bill could be implemented without undue delay.

The Ameer concluded by asserting that those who are opposing this bill ought to remember that the success of the masses of Pakistan in this world and in the Hereafter is contingent on the prevalence and predominance of Islam in the country.

**Press Releases issued by Tanzeem-e-Islami****Date: 04 February 2021****Lahore (PR): “The freedom of Occupied Kashmir from illegal Indian subjugation has become imperative for the security of Pakistan.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He said that we observe 5th February as a day of solidarity with our oppressed Kashmiri brethren in Indian Occupied Kashmir. However, the intent and plans of India regarding Occupied Kashmir have become extremely treacherous and perilous, therefore, we now ought to take practical steps rather than merely observing the Kashmir Day for tangible solidarity with our oppressed Kashmiri brethren. He remarked that the volatile global situation, particularly that of our region, has now intertwined the freedom of Occupied Kashmir from Indian subjugation to the security of Pakistan, because the Indian actions to abrogate article 370 from its constitution as well as revoking the special status of Kashmir guaranteed in 35-A was an open challenge to Pakistan. Moreover, India has acutely amplified savagery and brutalities against the Muslims of Occupied Kashmir and has converted it into an open-air prison. The Ameer stated that the most prominent and popular slogan in Indian Occupied Kashmir today is “Pakistan se Rishta Kya: La Illaha Illa Allah”! He questioned that if the Islamic System is not established and enforced in Pakistan, then how would the slogan of our Kashmiri brethren be practically implemented. The Ameer emphasized that if Pakistan is molded into a genuine Islamic Welfare State and its fruits and benefits become visible to the entire world, then it would become impossible for India to suppress the mass movement in Occupied Kashmir. Therefore, the Ameer asserted, the real task for us is that we ought to give practical manifestation to the Ideology of Pakistan, so that our brethren in Occupied Kashmir experience real magnetism to the cause and consequently increase the momentum of their mass movement to become a part of Pakistan to such a magnitude that it becomes impossible for India to overwhelm it.

The Ameer concluded by remarking that only then would the slogan “Kashmir will become a part of Pakistan” become a reality.

Date: 12 February 2021**Lahore (PR): “Rites and rituals such as Valentine’s Day are in stark violation to the societal, cultural and civilizational norms of Islam.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He noted that the ‘modern’ way of life of the Western society and civilization, along with the legislation done there in that regard, has totally decimated the family structure and system of the modern West. Consequently, the institution of marriage has been destroyed there and the notion of ‘living together’ has taken over. He remarked that, in fact, this is part of the social engineering agenda of the global secular elite who want to make the majority of human beings rebellious to Divine Guidance, and advance the evil agenda of Satan with maximum vigor. The Ameer asserted that Muslims must consciously make significant effort to save themselves from this horrendous onslaught of the enemy. The fact of the matter is, he said, that Muslims ought to understand and imbibe that *Eemaan* (faith) and *Haya* (modesty) go together like hand in glove. He said that when the Holy Qur’an ordains that we must not even approach adultery, it effectively and literally cuts off all paths that lead to indecency, vulgarity and promiscuity. He said that real reason for the proliferation of sexual crimes and sins in Pakistan is that the promotion of indecency and promiscuity has become widespread. The need of the hour, he emphasized, is to totally sever all such available and accessible platforms and podia that lead to the proliferation of indecency, vulgarity and promiscuity and thereafter enforce the laws of Islamic Shariah related to curtailing the promotion of indecency/immodesty and the sin of adultery with the full force of the state.

The Ameer concluded by affirming that only then would a righteous society come to fruition and be established in practice.
