From the Qur'an:

"Indeed, they who disbelieved among the People of the Scripture and the polytheists will be in the fire of Hell, abiding eternally therein. Those are the worst of creatures."

"Indeed, they who have believed and done righteous deeds - those are the best of creatures."

"Their reward with their Lord will be gardens of perpetual residence beneath which rivers flow, wherein they will abide forever, Allah being pleased with them and they with Him. That is for whoever has feared his Lord."

(*Surah Al-Bayyinah: Verses 6 - 8*)

Selected Hadith:

Abdullah bin Umar (RA) reported that the messenger of Allah (SAAW) said:

"Allah, the Exalted and Glorious, would fold the Heavens on the Day of Judgment and then He would place them on His right hand and say: I am the Lord; where are the haughty and where are the proud (today)? He would fold the earth (placing it) on the left hand and say: I am the Lord; where are the haughty and where are the proud (today)?"

(*Sahih Muslim*)

All praise is due to Allah (SWT), and peace & blessing on his noble Messengers (AS), in particular, on the last of them all the blessed Prophet Muhammad (SAAW).

Israeli Forces spokesman Zilberman announced the start of the bombing of Gaza, specifying that "80 fighters are taking part in the operation, including the advanced F-35s" (The Times of Israel, May 11, 2021). It is officially the baptism of fire for the US Lockheed Martin's fifth-generation fighter, whose production Italy also participates in as a second-level partner. Israel has already received twenty-seven F-35s from the US, and last February decided to buy no longer fifty F-35s but seventy-five. To this end the government has decreed a further allocation of 9 billion dollars: 7 were granted by a US to Israel free military "aid" of 28 billion, 2 were granted as a loan by the US Citibank.

While Israeli F-35 pilots were being trained by the U.S. Air Force in Arizona and Israel, the US Army Engineers built in Israel special hardened hangars for the F-35s, suitable for both fighters' maximum protection on the ground, and their rapid take-off on attack. At the same time, the Israeli military industries (Israel Aerospace and Elbit Systems) in close coordination with Lockheed Martin enhance the fighter renamed "Adir" (Powerful): above all its ability to penetrate enemy defenses and its range of action which was nearly doubled.

These capabilities are certainly not 'necessary' to attack Gaza. Why then are the most advanced fifth-generation fighters used against Palestinians? Because it serves to test F-35s fighters and their pilots in real war action using Gaza homes as targets on a firing range. It does not matter if in the target houses there are entire families.

The F-35s, added to the hundreds of fighter-bombers already supplied by the US to Israel, are designed for nuclear attack particularly with the new B61-12 bomb. The United States will shortly deploy these nuclear bombs in Italy and other European countries, and will also provide them to Israel, the only nuclear power in the Middle East with an arsenal estimated at 100-400 nuclear weapons. If Israel doubles the range of F-35 fighters and is about to receive eight Boeing Pegasus tankers from the US for refueling the F-35s in flight, it is because it is preparing to launch an attack, even nuclear, against Muslim countries.

The Israeli nuclear forces are integrated into the NATO electronic system within the "Individual cooperation program" framework with Israel. Although not a member of the Alliance, Israel is integrated with a permanent mission in the NATO headquarters in Brussels. In the same framework, Germany supplied Israel with six Dolphin submarines, modified for launching nuclear missiles (as Der Spiegel documented in 2012).

Italy's military cooperation with Israel has become a law of the Republic (Law No. 94 of May 17, 2005). This law establishes comprehensive cooperation, both between armed forces and military industries, including activities that remain secret because they are subject to the "Security Agreement" between the two parties.

Israel has supplied Italy with the Opsat-3000 satellite, which transmits very high-resolution images for military operations in distant war theaters. The satellite is connected to three centers in Italy and, at the same time, to a fourth center in Israel, as a proof of the increasingly close strategic collaboration between Israel and the West.

(Continued on page 2)

Italy supplied Israel with thirty Leonardo Aermacchi fighters for pilot training. Now it can provide Israel with a new version of the M-346 FA (Fighter Attack), which – Leonardo Industry specified – serves at the same time for training and for “ground attack missions with 500-pound drop ammunition, and precision-guided ammunitions capable of increasing the number of targets to hit at the same time”. The new version of the fighter – Leonardo Industry underlined – is particularly suitable for “missions in urban areas”, where heavy fighters “are often used in low-paying missions with high operating costs”. The ideal for the next Israeli bombings of Gaza, which can be carried out with “a cost per flight hour that is reduced by up to 80%”, and will be very “cost-effective”, that is, they will kill many more Palestinians.

Western regimes and media are complicit in Israeli crimes. The bottom line is that it all fits into The Yinon Plan, The Zionist Plan for the Middle East, a plan to expand Israel’s territorial claims and dominate the region as a Jewish state (Greater Israel). Israelis have openly professed in the UN that “the Promised Land extends from the River of Egypt up to the Euphrates; it includes parts of Syria and Lebanon.” Israel can initiate another false-flag operation so that they can blame Muslim countries and force the US into another unwinnable war in the Middle East. Muslims must beware and supplicate for the succor of Allah (SWT) against their enemy.

Lahore (PR): “Providing the US with any kind of support regarding Afghanistan would prove to be disastrous for Pakistan.”

This was said by the Ameer of Tanzeem-e-Islami, Shujauddin Shaikh, in a statement. He remarked that the support given by Pakistan to the US for attacking Afghanistan after 9/11 was indeed criminal on our part, as a consequence of which not only was the mass-murder of our Afghan brethren carried out by the US but our own country became the victim of terrorism, too. Thousands of people were martyred by terrorism in Pakistan and our already weak economy totally tanked due to the loss of billions of dollars. The Ameer said that now the Assistant Secretary of Defence for Indo-Pacific Affairs, David F. Helvey, has “revealed” in a testimony before the US Senate Armed Services Committee that Pakistan is going to provide bases to USA, however, Pakistan’s Ministry of Foreign Affairs has categorically rejected that claim by stating that Pakistan is not going to provide any bases to the US. Ameer of Tanzeem-e-Islami asserted that the Ministry of Foreign Affairs should have declared candidly and in clear terms that Pakistan would not provide the US with any kind of support regarding Afghanistan, in addition to rejecting the claim that Pakistan is going to provide bases to the US. He asserted that we ought to revoke the agreement made in 2001 with USA for supporting it regarding Afghanistan. We should become smart and not fall for the same US ruse over and over. The Ameer said that with the grace of Allah (SWT), a spokesperson of the Pentagon has acknowledged in a latest development that no neighboring country of Afghanistan is providing bases to the US. The Ameer concluded by emphasizing that USA is the patron of anti-Pakistan countries like Israel and India, therefore even contemplating on aiding or providing assistance to the US would be tantamount to working against our own national interests.

Lahore (PR): “Carrying out atrocious slaughter as well as implementing a ‘ceasefire’ are both malicious decisions of the Jewish and Christian centers of power.”

This was said by the Ameer of Tanzeem-e-Islami, Shujauddin Shaikh, in a statement. He lamented that Israel continuously bombed helpless Palestinians in Gaza for 11 consecutive days, while the US vetoed every resolution seeking a ‘ceasefire’ during that period, so that as much damage as possible could be inflicted on the Palestinians and when around 250 Palestinians, mostly women and children, had been martyred in Gaza and the destruction of whatever had been left of Gaza reached its crest, then the ruse and drama of a ‘ceasefire’ was employed. The Ameer emphasized that any ceasefire comes into effect only in case of a war, however, in Gaza, a one-sided case of murder and slaughter by the Israelis took place and the Zionist state started the genocide when it pleased and stopped it when it pleased. He said that the Muslim Ummah ought to realize that Israel has agreed to this ceasefire after days of bloodshed, only temporarily and merely in order to silence any voices critical of its brutal actions. We must understand that by carrying out such vicious acts of savagery in Gaza repeatedly, Israel presents itself as a ‘global bully’ on the one hand, while continues to inch towards the creation of a Greater Israel on the other, hence continuously getting closer to achieving its objectives. The Ameer asserted that Muslims must realize that perpetual retreat would lead to their backs against the wall, with utter disgrace and ignominy. He asserted that we can still gain the succor of Allah (SWT) and defeat these enemies of the Muslims provided that we start treading resolutely on the Right Path, hold firmly to the Rope of Allah (SWT) and become unified as a solid wall against our enemies. The Ameer concluded by stating that in order to do so, it is imperative for us not only to become ‘real Muslims’, but ‘unwavering faithful believers’, both on the individual and the collective levels.

Indeed we belong to Allah and to Him do we return!

A comment under a viral video showing the Palestinians desperately praying for protection said, 'If Allah was real, He would not have made this happen.' The comment was from an Islamophobic Zionist therefore engaging in argument there was quite futile as Allah says, "But turn away from the ignorant." **Quran 7:199** However, skepticism of this sort may arise naturally as we pray for Palestine and the oppression continues. It must be addressed. Allah has given us free will. This freedom is abused to oppress people and violate their rights for petty worldly gains. The Israeli state bears the responsibility for what is going on because it monopolizes all power and control which it uses to perpetrate structural violence, apartheid and genocide. Human beings are tested through this power and freedom given by Allah. But the abuse of this power and freedom is not without accountability. The injustice against the people of Palestine and elsewhere is the handiwork of men who commit injustice by transgressing His limits. He does not stop the injustice and oppression because that is the test set by Him for us for which we are accountable.

We stand against the injustice and we stand with the oppressed for His sake. To resist and struggle against the injustice is our task, and He will make our efforts successful when He deems it best according to His Plan which ultimately prevails. We believe that everything that happens is part of Allah's knowledge and His decree. There is a purpose and a hikmah (wisdom) behind His decree whether we understand it or not.

We believe that Absolute Justice is promised. The establishment of the Truth and the eradication of evil and falsehood ultimately is promised. "When truth is hurled against falsehood, falsehood perishes, for falsehood is by its nature bound to perish." **Quran 17:81** We may not live to see it. But we believe in it, hope for it and strive for it. And that is what matters...

Death is by Allah's decree. Trial by suffering is part of the human condition. "We will certainly test you with something of fear and hunger, and loss of wealth and lives and fruits (earnings); but give glad tidings to the persevering and patient." **Quran 2:155** Those who go through it with faith and perseverance are the ones truly salvaged, recipients of eternal peace from Him. That is the highest that a human being could attain. It makes our short existence 'rounded with a sleep', larger than Life itself. This faith is precious. It is unkillable, with all your worldly might. And it cannot and will not be extorted from the heart, even with all your scheming.

We believe that all is under the All-Seeing Eye of Allah. He is with the oppressed, evicted and victimized. It makes a difference because this faith is what makes the spirit of the defenseless Palestinians so invincible, so unshakeable, so resilient despite their endless suffering. Those whose lives are taken away through this oppression have Paradise awaiting them. Those left behind who are blessed by Allah with *Sabr* (patience) achieve an inner peace unattainable any other way. Those who witness all these events and feel a surge of empathy and compassion, a desire to stand with the oppressed for justice are purged of their selfishness and rise higher in faith. It enables us to forget our own petty grievances and stand in solidarity with those that are sinned-against. It enables us to be thankful for the freedom we have and to strive for freedom for those who are denied this right. As believers in Allah, we have to live on what is right, true and just and die in the path of what is right, true and just. Despite the suffering and the trials. Only then is life meaningful, beautiful and worthwhile- despite the suffering. May the suffering bring out the best in all those who believe.

Suhayb ibn Sinān Ar-Rūmi (*may Allah be pleased with him*) reported that the Prophet (*may Allah's peace and blessings be upon him*) said: "How wonderful the affair of the believer is! Indeed, all of his affairs are good for him. This is for no one but the believer. If something good happens to him, he is grateful to Allah, which is good for him. And if something bad happens to him, he has patience, which is good for him." **[Sahih Muslim/Authentic]**

Because Allah is the Companion of the oppressed, we take heart and we stand with the oppressed. Because Allah is the Ultimate Judge we go on hoping in His Perfect Justice. Because Allah demands from us to strive for justice, we keep up the struggle. And because Allah is As Salaam – the Giver of Peace – we face your terror and *Zulm* (oppression) with a patient, hopeful resilience.

Indeed we belong to Allah and to Him do we return!
