### From the Qur'an:

"Do you not see that Allah has subjected to you whatever is on the earth and the ships which run through the sea by His command? And He restrains the sky from falling upon the earth, unless by His permission. Indeed Allah, to the people, is Kind and Merciful."

"And He is the one who gave you life; then He causes you to die and then will [again] give you life. Indeed, mankind is ungrateful."

"For every religion We have appointed rites which they perform. So, [O Muhammad / Muslims in general], let the disbelievers not contend with you over the matter but invite them to your Lord. Indeed, you are upon straight guidance."

(*Al-Hajj: 65 -67*)

### Selected Hadith:

Narrated Abu Huraira (RA):

The Messenger of Allah (SAAW) said, "Allah the Most Superior said, "The son of Adam slights Me, and he should not slight Me, and he disbelieves in Me, and he ought not to do so. As for his slighting Me, it is that he says that I have a son; and his disbelief in Me is his statement that I shall not recreate him as I have created (him) before."

(*Sahih Bukhari*)

## { EDITORIAL }

All praise is due to Allah (SWT), and peace & blessing on his noble Messengers (AS), in particular, on the last of them all the blessed Prophet Muhammad (SAAW).

As the Holy month of Ramadan is in full swing, the world at large is experiencing strange and mysterious happenings day in, day out.

Concisely, the Earth and Space are wired with secrecy, new and unthinkable weapons of mass destruction, deception at all levels. The most hated and feared leaders do not have the intellectual and political capacity to solve any of the problems that they have engineered for their own interest and greed of power.

Humankind looks towards proactive scholars, visionary and intelligent people of new ideas and leaders of change to rebuild a systematic and institutionalized sustainable future for the humanity and to articulate a culture of freedom and human dignity to co-exist without the fear of wars and in complete harmony with the nature of things – more so, to imagine man (human being), humanity and the universe to co-exist without animosity of the few vengeful mindsets. Man, being the most intelligent creation on planet Earth and the nucleus of all creation, must think of his origins of birth and coherent role-play within the Laws of Allah (SWT) governing both his life and the universe at large.

Lessons of history are ignored – most feared and most hated leaders, who drove the humanity to the insanity of the two World Wars and current war agenda in Asia, Middle East and Africa, likewise are actively engaged to undermine the future prospects of harmony between people of diversity and varied cultures. With failed international institutions, incompetent and corrupt global leadership affiliated to the Washington-based Military-Industrial Complex continues to enforce militarization of the globe – an insane perversion against the logic of peace and co-existence amongst humankind.

Humanity looks to men of intellect, scholars of integrity for solutions, certainly not to the warmongers destroying life and habitats throughout the globe. Rationality asserts that the future belongs to the global citizenry not to the few sadistic warlords, and that an informed and politically mature and active global citizenry must have the opportunity to exercise its rights, choice and freedom to develop the futuristic global institutions and governance by integrating the moral and spiritual values of man, predicated on divine revelations.

The message and its spirit are clear that humankind as ONE rational force must act to safeguard the future. Dare we say that the days of experimenting with various models of Capitalism, Imperialism and Ideological foundations borrowed from the decadent modern western civilization are close to being over, once for all! The only alternative left for humankind, in which every individual can thrive and co-exist in harmony, is the System of Social Justice based on Islam.

The goal of establishing a global society based on this, once distant, dream is getting ever so close with each passing day as thousands of stories regarding injustice and oppression in the present system are relayed to billions around the world and experienced by hundreds of millions on a daily basis.

Signing off...

## Press Releases issued by Tanzeem-e-Islami

Lahore (PR) 15 April 2022

**“It is worrying that USA has restarted the demand of ‘Do More’ from the new government of Pakistan.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He remarked that the mention of Mumbai attacks and the Pathankot incident, which had become a thing of the past, in the joint communique issued after the 2+2 dialogue between USA and India is unacceptable for the earnest masses of Pakistan. Pakistan has been asked to take ‘further action against terrorists’, which for all intents and purposes means that the chorus of “Do More” has restarted. The Ameer insisted that the PM of Pakistan, Shahbaz Sharif, must take stern notice of the demand by USA and India from Pakistan to ‘Do More’ and give a befitting response to the enemies of Islam and Pakistan. The fact of the matter is that India is the perennial enemy of Pakistan while USA is always looking for excuses to harm us. If the government of Pakistan does not give a robust response and a shut-up call to USA and India on the latest demand of ‘Do More’, then the enemies of Islam and Pakistan, that had been forced on the back foot on these issues for the last 4 years or so would get the opportunity to rebuild their narrative and these foreign powers would leave no stone unturned in their efforts to hurt the national interest and freedom of Pakistan.

**“According to the clear edicts of the Qur’an and Ahadith, riba is absolutely haram.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He said that in 1991 the Federal Shariat Court gave the landmark verdict declaring bank interest as riba, however, for the past 30 years various governments and economic institutions of the country have been attempting to get that verdict overturned. In 2002, the fear of the West was so rampant that a decision by the apex court overturned the earlier decisions by the Federal Shariat Court in 1991 and the Shariat Appellate Bench of the Supreme Court in 1999, both of which had declared bank interest and all other forms of riba utterly haram, remanding the case back to the Federal Shariat Court. Tanzeem-e-Islami has been at the forefront in this case against riba since 2015, working in tandem with other religious organizations and parties. After a long struggle, the Federal Shariat Court has reserved its judgment in the case on 12 April 2022, at the completion of arguments by all parties. We have utmost faith that the honorable judges of the Federal Shariat Court will deliver their verdict, during this blessed month of Ramadan, in light of the clear commandments of Allah (*SWT*) and His messenger (*SAAW*), so that the path is set for the total eradication of riba from our economy. Once we stop this war against Allah (*SWT*) and His messenger (*SAAW*), we would become eligible for success in this world and the Hereafter.

**“Removal of the Dr. Israr Ahmad Official YouTube channel is a blatant act of Islamophobia.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, while vehemently condemning the removal of the Dr. Israr Ahmad Official YouTube channel from the platform. He noted that this extremely popular channel, with millions of subscribers and viewers worldwide, had been a thorn in the side of the enemies of Islam since its launch. Continuous attempts have had been made over the years to remove this channel by concocting false allegations against it. He said that labelling the condemnation of the oppression and brutalities of the malevolent global powers based on the message of the Qur’an and Ahadith as ‘hate speech’ is an outright violation of the so-called principles of freedom of expression advocated by the West and social media platforms. Tanzeem-e-Islami has commenced a robust legal and procedural action in response to this shameful act on all relevant and concerned platforms. He warned that if Muslims, in their individual capacities, and the Muslim Ummah, as a collective whole, did not give timely and vigorous response on such malicious incidents of Islamophobia and prejudice, then we would all have to face similar, yet increasingly provocative, actions in the future.

**“It is unfortunate that the Troika Plus meeting in Beijing did not recognize the Afghan government.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. The Ameer noted that it has been almost eight months since the Afghan Taliban formed government in Afghanistan, and the Afghan Taliban have fulfilled all commitments made with the international community since, yet the fact that no country has recognized them clearly proves that decisions regarding the recognition of governments is, apparently, conditional to the patronage of the global imperial powers. He said that the OIC has held two sessions on Afghanistan in Pakistan. Even the recent Troika Plus meeting in Beijing, in which 6 neighboring countries of Afghanistan participated, has not gone beyond reserved statements and not been able to declare the recognition of the Afghan government. He remarked that the Chinese FM’s visit to Afghanistan and the desire expressed to make Afghanistan a part of the CPEC is a welcome development, however, it was widely anticipated that those countries which present themselves as the friends of Afghanistan would unitedly recognize the Afghan government. The Ameer concluded by asserting that it is, primarily, the responsibility of the Muslim states to recognize the Afghan government without delay and provide them all possible forms of assistance to help stabilize their regime, so that the Afghan government could focus on the improvement of the internal affairs of Afghanistan and not be forced to seek assistance from less-caring foreign powers.

**Press Releases issued by Tanzeem-e-Islami****Lahore (PR) 14 April 2022****“We should make every possible effort to become eligible for absolution and salvation during the holy month of Ramadan.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. The Ameer said that the second ten days of Ramadan have been described as the period to seek forgiveness and salvation in a hadith. The holy month of Ramadan is the ‘spring season’ for accumulating good deeds and reaping rewards, and Allah’s (SWT) divine attribute of forgiving and giving salvation gushes infinitely during this month. We should sincerely repent for our sins with humility, while fasting during day and standing for the night prayers. We should pray for the reward of Jannah and seek refuge from the punishment of the Hellfire. By virtue of this sacred month, may Allah (SWT) bestow on us the inspiration for reflecting on our deeds throughout the year, during our entire life. Aameen!

**Lahore (PR) 08 April 2022****“All parties must accept the decision made by the Supreme Court in letter and spirit.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He remarked that the peaceful resolution of all disagreements demands that the decision made by the adjudicators be accepted with the sincere intent of implementation and refrain from any further interference towards that end. He said that the allegation of foreign powers being involved in regime change must be taken seriously and thoroughly investigated so that the facts are revealed to the general public. He said that the masses have been at the receiving end of the bitter political struggle and if the no-confidence motion succeeds and a new government is elected, then it should focus all its energies on solving the issues of the common man and bringing the country out of the current economic turmoil, so that the masses could be provided relief from the rampant inflation. Moreover, it should refrain from making any such electoral amendments that could give the impression that the change in government has been brought about to favor someone, resulting in further discord. The Ameer concluded by emphasizing that law-and-order in the country must be maintained.

**Lahore (PR) 06 April 2022****“We should all profit from the special blessings of Allah (SWT) during the holy month of Ramadan.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. The Ameer remarked that the holy month of Ramadan is the ‘spring season’ for accumulating good deeds and reaping rewards. According to the meaning of a hadith, Fasting and the Qur’an will intercede on the behalf of such Muslims on the Day of Judgement, who fast during day and stand for the night prayers, reciting or listening to the Quran, during the of the holy month of Ramadan. The Ameer said that all praise is due to Almighty Allah (SWT) for bringing us out of the global pandemic and it is a special mercy and benediction of Allah (SWT) that all mosques have been reopened to maximum capacity for worshippers. The Ameer concluded by stating that we ought to grab this golden opportunity to repent for our sins, strengthen our bond with Allah (SWT) and make every possible effort to secure the pleasure of Allah (SWT).
