From the Qur'an:

"Have they not seen how many generations We destroyed before them which We had established upon the earth as We have not established you? And We sent [rain from] the sky upon them in showers and made rivers flow beneath them; then We destroyed them for their sins and brought forth after them a generation of others."

"And even if We had sent down to you, [O Muhammad], a written scripture on a page and they touched it with their hands, the disbelievers would say, "This is not but obvious magic."

"And they say, "Why was there not sent down to him an angel?" But if We had sent down an angel, the matter would have been decided; then they would not be relieved."

(Surah Al-An'am, Verses 6 - 8)

Selected Hadith:

"It is narrated on the authority of Abu Huraira (RA) that the Messenger of Allah (SAAW) observed: "Be prompt in doing good deeds (before you are overtaken) by turbulence which would be like a part of the dark night. During (that stormy period) a man would be a Muslim in the morning and an unbeliever in the evening or he would be a believer in the evening and an unbeliever in the morning, and would sell his faith for worldly goods."

(Sahih Muslim)

EDITORIAL

All praise is due to Allah (SWT), and peace & blessing on his noble Messengers (AS), in particular, on the last of them all the blessed Prophet Muhammad (SAAW). After the 2+2 strategic dialogue between the US and India, it was the turn of Boris Johnson to appease the genocidal Modi regime. There was a lot of talk about the UK-India strategic relations, defence pacts and trade, but we did not hear a word from the British press about Modi's systematic, organized, murderous persecution of India's 200 million Muslims. Johnson arrived in Gujarat, Modi's political base. He announced new India investment deals in science and technology. A routine exchange of political favors. But the British prime minister courteously made no reference to the Gujarat pogrom, which left more than 1,000 dead 20 years ago, with Modi accused of fanning the violence.

In the eight years he has been Indian prime minister, Modi has repudiated the multi-faith India embraced by the nation's founding fathers, Mahatma Gandhi and Jawaharlal Nehru. Remember that Modi has been a member of the Nazi-influenced Rashtriya Swayamsevak Sangh (RSS), out of which his Bharatiya Janata Party (BJP) has grown, since he was a boy. Under his leadership, a terrifying anti-Muslim narrative has emerged. Modi's BJP follows a Hindu nationalism that sees India's 200 million Muslims as foreigners and invaders.

Arundhati Roy, the Booker Prize-winning novelist, has recently claimed that the situation for Indian Muslims is approaching genocidal and that India may be broken up. In December 2021, an event was held in the northern Uttarakhand state at which participants urged the mass killings of Muslims. "Even if just a hundred of us become soldiers and kill two million of them, we will be victorious," one woman said about Indian Muslims. A video of the event went viral.

The meeting was attended by at least one member of Modi's BJP. Another delegate, Prabodhanand Giri, often photographed with senior BJP members, declared that "like Myanmar, the police, politicians, the army and every Hindu in India must pick up weapons and do this cleansing". As in other countries, the government and sections of the media accuse Muslims of disloyalty. In a farcical case in point, Indian Muslims were arrested for celebrating Pakistan's cricketing defeat of India in November 2021.

The Indian government is seeking to alter the demography of India's Muslim-majority state, Occupied Jammu and Kashmir, by encouraging Hindus to move there. The state has been under a dense military occupation for decades; most Kashmiris do not wish to be part of India. In August 2019, Prime Minister Modi revoked Kashmir's historical semi-autonomous status.

That same year, Modi's Citizen Amendment Act excluded Muslim refugees from citizenship. Arundhati Roy wrote that Modi was enacting "India's version of Germany's 1935 Nuremberg Laws, which deprived Jews and other minorities of their citizenship rights".

There is no doubt that India under Modi has embarked on a dark path. The BJP's president, Amit Shah, has compared migrants from Bangladesh to "termites", drawing comparisons with Nazi language about Jews in the 1930s or the language used about the Tutsis during the 1994 Rwandan genocide.

Gregory Stanton, the founder and director of Genocide Watch, recently warned the US Congress there were early "signs and processes" of genocide in the Indian state of Assam and Indian-occupied Kashmir. Stanton, who warned about the Rwandan genocide three years before it happened in 1994, drew parallels between Modi's policies and Myanmar's treatment of Rohingya Muslims ahead of the 2017 slaughter.

The Holocaust Memorial Museum in the United States is on record as stating that India is the second most likely country to experience mass killings in 2022, yet there has been total silence about this from the British government, and the accompanying press party.

The double standards of the imperial West have been unveiled yet again!

“The decision by Federal Shariat Court declaring all kinds of usury and interest as Riba and Haram is laudable.”

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. The Ameer said that this decision has been made unanimously by the 3-member bench of the Federal Shariat Court, therefore, no mischief should take place while implementing it. The court has clearly declared that the laws in our country related to interest and riba are in violation of the Islamic Shariat, however, the decision made by the court to give 5 years as a transition period is flabbergasting, when article 38-F of our constitution requires the immediate abolition of riba in Pakistan. The Ameer said that now it is the responsibility of the government to mould the economic system of the Islamic Republic of Pakistan according to the commandments of the Islamic Shariah because our constitution does not allow any legislation to exist that is repugnant to the Qur’an and Sunnah. It is the religious and national obligation of the government and other state institutions to immediately start the implementation of this decision in letter and spirit. We must stop this war that we are waging with Allah (SWT) and His Messenger (SAAW) so that we could become eligible for the blessings of Allah (SWT) and we could be successful in this world and in the Hereafter.

“The security and subsistence of Pakistan, which came into being on the ‘Night of Power’, is profoundly knotted with Islam.”

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He noted that the creation of Pakistan merely seven years after passing of the Lahore Resolution in 1940 was nothing short of a miracle. He remarked that the fact of the matter is that the force of the slogan “Pakistan ka Matlab Kya: La Illaha Ill Allah” was behind that miracle, which totally overwhelmed the colonial rule of the British as well as the unruly majority of the Hindus. The practical manifestation of that miracle occurred on the 27th night of Ramadan of that year (1947), when the creation of Pakistan, separate from the united Indian subcontinent, was announced. No rational person can deny the fact that the creation of Pakistan during the blessed moments of the 27th night of Ramadan was undeniably part of the Divine Plan. The Ameer lamented that unfortunately both the rulers and the masses kept deviating from our real goal after the creation of Pakistan. Ruefully, he said, we kept being engrossed by humanly-conceived systems of governance and our destination no longer remained Islam (and the establishment of the Islamic system), due to which not only did we face ignominy in this world but also invited the wrath of Allah (SWT). The Ameer asserted that Pakistan is a fortress of Islam and if we do not establish and enforce the Islamic system here, then such enormous cracks would appear in the fortress that would be detrimental and become an existential threat not only for Pakistan but the entire Islamic world. Therefore, the Ameer concluded by emphasizing that striving to establish the Islamic system in Pakistan is not only imperative for our success in the Hereafter, but also necessary for our security and resoluteness in this world.

“The real message of the Al-Quds Day is the liberation of the Holy and from Zionist subjugation!”

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. The Ameer noted that it has been almost seven decades since the ever since the Zionists have illegally seized and occupied Palestine, they have been perpetrating oppression and brutalities against the Palestinian Muslims. He declared that devoid of any universal human moral code, the mass murder (genocide) that is being perpetrated by the Zionist state of Israel by brutally attacking the homes, lands and villages of Palestinians, as well as on Palestinian Muslims worshipping in the al-Aqsa mosque is vehemently condemnable. He questioned the West that why are those Western organizations which protect the rights of animals sinisterly silent today when the blood of innocent human beings is being spilt with such atrocious callousness? He lamented that if the Muslim states do not unite to practically take actions to protect and defend the Palestinians even under the current circumstances, then they would be better off being six feet under! He asserted that the behavior of being silent spectators to the vicious massacre of our Deeni (religious) brethren is a matter of great disgrace and shame. The Ameer urged all Muslim countries to rid themselves of petty differences and unite in order to throw down the gauntlet with absolute resolve to Israel. Almighty Allah (SWT) will certainly provide them with His (SWT) benevolence and succor. The Ameer concluded by affirming that the oppressor always proves to be a coward and would not be able to meet the challenge of engaging the Muslims brimming with a passionate want and state of Jihad. Protecting and defending the Palestinians is the Deeni obligation of the Muslim Ummah.

“The demolition of mosques in India under state patronage is state terrorism.”

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. The Ameer said that the demolition of the Jahangirpuri Mosque in Delhi by the state administration is a slap in the face of all those around the world who speak about religious freedom. Moreover, extremist Hindus had burnt and ransacked the houses of hundreds of Muslims in Rajasthan and even desecrated a mosque there, while the local administration used force against the Muslims instead of stopping the extremist Hindus. These events are clear proof that India has become a Hindutva state and atrocities against the Muslims are on the rise all over Modi’s India. The Modi regime and its sponsors, BJP and RSS, are bent on carrying out genocide of the Indian Muslims. The Ameer questioned that why is the world, that had vowed to take notice of all forms of Islamophobia just last month, silent on the anti-Islam actions of India. The Ameer concluded by warning that if the international community, especially the Muslim countries, does not take concrete measures to stop India from doing inhumane acts against its Muslim citizens then a humanitarian crisis may occur in India, which could ruin the peace and stability of the entire world.

**Press Releases issued by Tanzeem-e-Islami**Lahore (PR) 27 April 2022**“The suicide bombing at Karachi University is a horrific act of terrorism.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He said that the recent increase in incidents of terrorism in Pakistan, sponsored by foreign powers, is extremely concerning. The suicide bomber targeted Chinese teachers in the terrorist attack in Karachi University, sending a clear message that the foreign enemies of Pakistan and their stooges from within Pakistan not only want to spoil the peace and security in the country but also want to damage Pakistan on the external affairs front. It is becoming increasingly clear that the imperialist powers of the West want complete control over Pakistan. The fact that a separatist organization from Balochistan has claimed responsibility for this act of terror clearly indicates that the real mastermind of this incident of terrorism is India. The Ameer concluded by emphasizing that our security agencies must remain on high alert and smash the foreign-backed terrorist networks causing mayhem in Pakistan so that the nefarious designs of our enemies could be defeated.

Lahore (PR) 20 April 2022**“Desecration of the Holy Quran in Sweden is a reflection of the malevolent and ghastly face of the West.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He said that the blasphemous incident of burning the Holy Qur'an by the leader of a far-right extremist party of Sweden, Rasmus Paludan, has demonstrated that the West which claims to be the champion of religious freedom, tolerance and enlightened moderation is, in fact, engaged in the worst form of enmity against Islam and Islamophobic terrorism. The fact of the matter is that Islamophobia has become the lifeblood of the West and that is why the Swedish police provided protection to the blasphemer, Rasmus Paludan, instead of stopping him from such an appalling act. The Ameer asserted that in order to safeguard their religious symbols and purity of faith, the Muslim countries will have to rise above their personal gains and losses and be willing and able to sacrifice everything for their cause. If the religious passion and honor of our rulers become revived, then the enemies of Islam would never dare to show malicious intent towards our esteemed personalities and the revered Book. The Ameer concluded by emphasizing that our distance from faith on the individual level and absence of an Islamic system at the collective level are the real reasons why incidents like Sweden occur.

Lahore (PR) 15 April 2022**“It is worrying that USA has restarted the demand of ‘Do More’ from Pakistan.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. He remarked that the mention of Mumbai attacks and the Pathankot incident, which had become a thing of the past, in the joint communique issued after the 2+2 dialogue between USA and India is unacceptable for the earnest masses of Pakistan. Pakistan has been asked to take ‘further action against terrorists’, which for all intents and purposes means that the chorus of “Do More” has restarted. The Ameer insisted that the government of Pakistan must take stern notice of the demand by USA and India from Pakistan to ‘Do More’ and give a befitting response to the enemies of Islam and Pakistan. The fact of the matter is that India is the perennial enemy of Pakistan, while USA is always looking for excuses to harm us. If the government of Pakistan does not give a robust response and a shut-up call to USA and India on the latest demand of ‘Do More’, then the enemies of Islam and Pakistan would get the opportunity to collude unabatedly and these foreign powers would leave no stone unturned in their efforts to hurt the national interest and freedom of Pakistan.

Lahore (PR) 16 April 2022**“Israeli attack on worshippers in the Al-Aqsa Mosque is the worst kind of state terrorism.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, in a statement. The Ameer noted that ever since the Zionists have illegally seized and occupied Palestine, they have been perpetrating oppression and brutalities against the Palestinian Muslims. The Zionist state has demonstrated appalling monstrosity and cruelty by attacking those offering Tahajud prayers in Al-Aqsa Mosque during the Holy month of Ramadan. The Ameer said that the Israeli Occupation Forces have given a clear message to the entire world by seriously wounding more than 150 innocent and helpless Palestinian Muslims in a pre-planned operation in the Holy Land that they are willing to go to any horrendous length to carry out the genocide of Palestinian Muslims. The Ameer of Tanzeem-e-Islami lamented that the fact of the matter is that while Israel has crossed all limits in its enmity towards Islam, it is extremely regrettable that Muslim states still appear to be ready to ‘improve relations’ with the illegitimate Zionist entity. The Ameer concluded by emphasizing that all Muslim countries must unify in totally boycotting and sanctioning the Zionist state of Israel in order to force it into isolation.

Lahore (PR) 19 April 2022**“Pakistan and Afghanistan ought to show restraint and not become a laughing stock of the world.”**

This was said by the Ameer of Tanzeem-e-Islami, **Shujauddin Shaikh**, while commenting on the recent attack on Pakistani soil from within Afghanistan, the cross-border terrorism in Pakistan by TTP and Pakistan's response by carrying out a deadly airstrike in Afghanistan. The Ameer remarked that it is imperative for the Muslims to comprehend the fundamental reality that the enemies of Islam are trying their utmost to create friction among the Muslim Ummah, and if the Muslim states do not resolve their internal conflicts by talks and continue being up in arms against each other, then our enemies would not waste any opportunity to harm us. No doubt that the terrorists used the Afghan soil against Pakistan, but the government of Pakistan ought to have considered and understood that the Afghan government has limited capabilities and the airstrike by Pakistan that resulted in death of many dozens of people in Afghanistan is not tolerable. He said that Pakistan has carried out an airstrike in Afghanistan for the first time since the Afghan government was formed, which in itself is a matter of great concern. He said that the responsibility in this matter rests on both countries to fully support each other to ensure that the security is maintained in the border regions of Afghanistan. The Muslim Ummah must give all possible assistance to the government of the Afghan Taliban and all Muslim countries should help in the capacity building of the Afghan security forces. The Ameer asserted that Pakistan must not take any such action that jeopardizes the Afghan Taliban regime that has been established in Afghanistan after defeating and humiliating the white imperial powers of the world.
